** Replacement hydraulic motor, shaft and gear parts not included in rebuild.

The factory certified, rebuilt tail winch is shipped back to you with a factory warranty

CARCO[®]
A **PACCAR** COMPANY

A Leader in the Tractor Winch & Hoist Industry

Since 1932, CARCO has remained a leader in the tractor tail winch industry. Born in the rugged American Northwest and developed alongside the world's first track driven dozers, CARCO is a global force in pipeline, construction & forestry operations.

CARCO winches and pipe layer hoists are engineered, built and tested in the United States with offices and manufacturing facilities in Oklahoma. CARCO, an American made company, is proud to be used worldwide, on every continent.

CARCO's durability, reliability and innovation make it a perfect fit for demanding dozer operations. With winches rated from 40,000 lbs. to 200,000 lbs., and available in both High Performance Hydraulic and Hydrostatic configurations, CARCO has the right product for your tail winch application.
